

FEATURES

- Rear deck expands to 10 feet wide using 6-inch air cylinders
- Lightweight design for impressive payload capacity
- Tapered front gooseneck design
- Gooseneck fenders double as loading ramps
- Stubbed beaver tail at rear
- Prep for rear loading ramps
- Walking beam suspension

ENABLING YOU TO HAUL MORE

Featuring a capacity of 100,000 pounds in 16 feet, and a base weight of 15,000 pounds, the MGX is sure to deliver many hauling options for the toughest loads. Enjoy the loading advantages of the 21 feet and 4 inches of clear deck space as well as the ability to load onto the gooseneck with fender ramps.

TRANSPORT OPTIONS FOR EVERY STATE

The rear deck of the XL MGX expands from 102 inches wide to 120 inches wide using two 6-inch air cylinders, eliminating an over width return trip. The kingpin settings are compliant with California's kingpin law. This is especially beneficial for drivers in the Western US, yet it also offers flexibility across the country. Custom lengths available for a variety of applications.

DESIGNED FOR YOU. BUILT TO LAST.
