**FOR IMMEDIATE RELEASE**

*XL Specialized Trailers Data Security Incident*

On February 3, 2023, XL Specialized Trailers (“XL”) determined that an unknown individual accessed the XL network without authorization. XL conducted a thorough investigation to determine whether any individual’s personal information was potentially impacted and concluded its investigation on July 26, 2023. The compromised network may have resulted in the unauthorized access of information such as first and last name, date of birth, and Social Security number.

While XL does not have any evidence that any information stored on XL’s servers was used for fraudulent purposes, XL is unable to conclusively rule out the possibility that personal information was compromised. As such, on September 7, 2023, XL mailed notification letters to the individuals potentially impacted by this incident. In those letters, XL offered identity theft protection services and credit monitoring through IDX, a Zerofox Company, for one year. Though no financial information was impacted by the incident, XL encourages any affected individuals to remain vigilant by monitoring their personal information.

XL has security measures in place to help protect any information collected and is in the process of implementing additional security measures to reduce the risk of such an event reoccurring.

XL takes the privacy and the security of information in its possession very seriously and deeply regrets any inconvenience this incident may have caused.

Please call 1-800-939-4170 or go to <https://app.idx.us/account-creation/protect> for assistance or for any additional questions you may have.
